

Crossings Film Series: Jerri Carlin

Although **Jerri Carlin** uses Crossings to help with her sermon preparations, it has provided her so much more.

Crossings has taught Jerri about the D's and P's; the diagnosis and prognosis. God speaks to us in our diagnosis, showing us our evident need of a savior. Jesus then speaks to us in our prognosis, showing us a crucified and risen Lord who gives life as a free gift. This promise in Christ is the heart of our Good News. It is a Gospel that has the power to meet any need we have in this world.

Jerri believes God gives us the gift of courage, enabling us to go into our world to share the love, mercy, and grace of Christ.
