About Crossings

The Crossings Community, Inc. seeks to share Law/Gospel theology with all people. We do not discriminate on the basis of race, color, or ethnic origin in any policies or programs.

We study the Bible by looking for the text's own diagnosis of our human problem, then checking the text once more for "Good News" sufficient to solve that problem, and then examining how the text actually brings the Good News to "cross" the problem and solve it.

- Our passion is Christ's passion.
- Our mission is to connect the Gospel and daily life.
- Our method is to read Scripture and examine daily

life through the
prism of Law and
Gospel.

- Our hope is that
what we do also
speaks to you.
