

# Crossings Film Series: Steven Albertin

---

Listen to **Steve Albertin** share the Crossings method and how we come to the God problem: we are sinners and we are in trouble. On the other side is hope, which comes from Jesus Christ and the cross. Steve sees the Law/Gospel framework as fundamental in understanding our relationship to God and the relationship of the world to God.

Steve understands that God's unconditional love through Christ brings us together as church. Since Christ has freed us, we "get to" participate and serve in the church. "Getting to" is ultimately about responding to the Good News of the Gospel. Steve says, "If it's not a 'get to,' don't do it!"

Steve sees how important it is to pass the baton onto a new

generation because Crossings is a great gift and too precious not to share.
