

Crossings Film Series: Carolyn Frisse

Crossings has helped **Carolyn Frisse** see the connection between faith and daily life.

Carolyn attended her first Crossings Conference this past January and especially enjoyed learning from pastors, theologians and other lay leaders from all over the country. While at the conference, she found the speakers insightful and the round table discussions helpful.

The conference offers a lot not just for pastors but for anyone interested in learning more and she recommends everyone take the time to attend.
