The Crossings Community was fortunate to have the **Rev. Dr. Fred Niedner** offer the keynote presentation at the 2019 International Crossings Conference. Fred spoke on the topic of divine silence and the issue of squaring the notion of an all-powerful and loving God with seemingly innocent human suffering.

Here Fred talks about Martin Luther's breakthrough in understanding how God speaks to us through Law and Promise. It is a breakthrough one will find taught and shared within the Crossings Community. Fred finds power in the way Crossings helps people see their lives connected to God, to the body of Christ

and to the world.
